### Will Probably Protest.

Luxemb., September 15.—The full assembly states that it has reason to believe that China will protest against the action of France in detaining King Amun as violating the Tien Tsin treaty.

### Rolls and Carbuncles.

These are the volcanoes of the human system. They proceed from impure blood and from a chronic demoralization of the digestive organs. They are annoying, painful, and sometimes dangerous. They can be driven out by toning up the system, and this can best be done by the use of Brown's Iron Bitters.

## Those Securities.

HELENS, Mont., September 15.—Commissioner Thoman's attention was called to dispatches from Washington, speaking of his connection with the Indian school securities, and in answer to a question said: "I am free to admit my astonishment at what seems to be the overture of a large amount of township warrants. I cannot say whether those I turned over to Mr. Richards and those I still hold are good or bad. The legal opinions, together with a letter from each of the two national banks in Indiana, I gave to Mr. Martin. Mr. Richards' partner, and with whom all the business was transacted, and placed the securities at his request in the Citizens National Bank, where they remained until Mr. Pearson, cashier, had made inquiry concerning them, through his correspondent, the Meridian National Bank, Indianapolis. I think Messrs. Hunt, Dyer, Martin and Pearson will say that I asked the most careful investigation as to their worth. I got them from A. E. Davis, Chicago. He is my personal friend, and I cannot doubt his honesty and integrity. My connection with these securities is one of legitimate business. I belong to no syndicate. I have no interest in a patent manufacturing establishment with Mr. Davis. I am not his partner in any business."

## China and Japan.

San Francisco, September 15.—Shanghai advices are that the cultivation of opium this year greatly exceeds that of former years.

At the Imperial Council, held at Tien Tsin, presided over by the Chinese Emperor, regent, it was resolved, by four to two, to commence the construction of railroads in China. The measure is viewed as one of the very greatest importance.

Yokohama advices: The proposition to hold a grand Asiatic exhibition in Japan, in 1890, has been approved by the government. Advices to the Associated Press from Yokohama state that between August 24th and September 1st there has been over 300 cases of cholera at Nagasaki, and 150 deaths. The government adopted vigorous measures to prevent the spread of the disease.

A report had reached Yokohama that the United States war steamer Osage had arrived at Kobe from Nagasaki, with twelve cases of cholera aboard. Three deaths had occurred while the vessel was en route from Nagasaki. The names of the victims are not given.

## Who Cares?

New York, September 15.—Clara Virginia Cramer, niece of General Grant, was married in the morning to Alphonse Bernhart, of Paris, France, a well-known literary and journalist of the French capital. President Sanger, of the board of aldermen, performed the ceremony. Among the witnesses was Jesse Seligman. The religious ceremony was performed previously by Rev. Dr. Price, of the Elizabeth, N.J., Methodist Church. The bride is the daughter of M. J. Cramer, ex-consul to Denmark.

### The Grand Army of the Republic Monument.

### ABOUT MORMONS IN LONDON.

Fourth Class Postmasters—Silver—Earthquake—Walls—Our Emma—Etc.

### The G. A. R. Monument.

The following general order has been issued:  
HEADQUARTERS GRAND ARMY OF THE REPUBLIC, OFFICE OF GENERAL.  
WASHINGTON, September 15.

### General Order No. 6.

Believing it to be the general desire of the members of the Grand Army of the Republic that a monument should be erected to their departed comrades, General U. S. Grant, which will testify forever to their devotion for him as a comrade and to the symbolizing their appreciation of his great services to our country, in behalf of those, with him, who perished their lives, and offered their all, I deem it proper, not as clothed with official authority in that regard, but as discharging a duty to which I am invited by the united voice of my comrades, to invoke their favorable consideration and action upon the following plans and suggestions:

### First.—That a sum of money equal to a contribution of 15 cents per capita for each member of this Grand Army of the Republic in good standing be, raised for the end named; that for the purpose of certainty and expedience, this amount be appropriated from the post funds; to be reimbursed by the donations of individual comrades, or in such manner as each post may provide.

Second.—That to suitably mark the event, and to evidence for all time the equal share of all comrades of the Grand Army of the Republic, in this work of commemoration, neatly written rolls be prepared on blanks to be furnished from the national headquarters, which shall contain the name and rank, regiment and post of each donor thereto, to be returned to the national headquarters bound into volumes and properly cared for, and that provision be made to furnish each post a lithograph or other suitable engraving of the finished monument.

Third.—That a committee, to be hereafter named, shall, in conjunction with the national council of administration, take into consideration and determine the movement to be adopted, the place of its erection and other necessary details.

Fourth.—All moneys donated for this purpose to be forwarded through the department headquarters to the Quartermaster-General, and be him specially deposited to the credit of the Grand Post of the Grant monument, under rules to be prescribed by the national council of administration. It has been suggested that honorably discharged soldiers and sailors, not members of our organization, be permitted to join with us in this most gratifying duty. Let all such, who are worthy, be invited, first of all, to stand in the ranks of the Grand Army. Our self-imposed task, in view of the erection of a monument which, avoiding all exaggeration or mere uses of display, shall be in keeping with the simplicity of the life and character of our great leader, such intrinsic excellencies as shall command it to the care of the nation and thus, through all succeeding generations, be our memorial as well as monument to his fame. On behalf of his comrades everywhere, the commander-in-chief feels authorized to declare that whilst determined to erect a memorial to our dead comrades, which shall be solely the result of their own contributions, they nevertheless wish with gratification, and will aid to the extent of their ability, all other patriotic efforts put forth to do him honor.

### By command of S. S. Burdett, commander-in-chief.

JOHN CAMERON, Adjutant-General.

### Those Mails.

WASHINGTON, September 15.—Under the Postal Union treaty of 1874, the United States and Mexico are bound to receive and transport across their territory, free of charge, closed mails sent from one country through the other. Very heavy mails are being sent from some points in Mexico to other points in the same country via the United States.

Some of our contractors are complaining vigorously that this mail load down their coaches, and is a great burden to them. They have made claims for extra compensation on the ground that they are bound by their contract to carry only United States mails, and did not agree to transport Mexican mails. The claims will be examined by the Postmaster-General.

### Getting Strong Again.

Fever and exhausting chronic or acute diseases leave the patient, on his recovery, in a pitiable state of prostration. Then it is that he needs a tonic upon which he can rely, one, like Hostetter's Stomach Bitters, will accelerate convalescence and aid the processes of digestion. That peerless invigorant compensates, as nothing else will, for depleted strength. After using it a short time the quondam invalid feels in every nerve and muscle that he is getting strong again. Appetite increases, there is a gain in weight, color and fullness return to the cheeks, the lack-luster eyes grow brighter, sleep is broken and refreshing. These gratifying experiences are renewed with each returning day until, completely restored to health and vigor, he returns to the avocations which his illness interrupted. Use the Bitters in biliousness, dyspepsia, rheumatism and constipation.

### ROYAL DRAGON and PRINCESS ALADDIN heating stoves are the handsomest in the market. Purchase one of WM. JENNINGS & SONS.

## RAISING THE AMOUNT.

### How Fourth-Class Postmasters Increase Their Salaries.

WASHINGTON, September 15.—Postmaster J. W. Flagg, of Ellsworth, Me., has been recommended for removal for mailing circulars at his post-office that should have been mailed at Boston. Fourth-class postmasters are paid salaries based on the number of stamps cancelled at their offices. If such a postmaster, from friendship or through corrupt motives, induces business men living in cities of Presidential grade to mail large quantities of matter at their offices, the effect is an increase in the postmaster's salary. This practice is believed to prevail to a great extent in the small towns surrounding Boston, and to a small extent around New York. The inspectors' investigations have revealed the fact that there are persons in the cities who make a business of furnishing addresses for quantities of circulars for firms free of cost, upon payment of 1 cent on each circular. They take these circulars to small village postoffices, and stipulate with the postmaster for a share in his commission, and this share, it seems, is large enough to make the business lucrative. There is said to be no statute under which such persons can be punished, and it is probable that the attention of Congress will be called to the need of legislation in this particular, but regulations of the postoffice department authorize the Postmaster-General to recover from the postoffice any money paid them in excess of their lawful commission, and under this provision \$7,000 can be recovered from postmasters.

## THE MORMONS IN LONDON.

### What Mr. Penrose is Alleged to Have Said in Reference to Polygamy.

LONDON, September 15.—A Mormon conference was held in London to-day. Delegates were present from Norway, Sweden, Holland and Germany. President Penrose, of Salt Lake City, in an address, boasted that Mormonism was spreading in England, Scotland and Wales, but admitted small results being met with in Ireland. He said there were six Mormon meeting houses in London and several thousand converts, and that two years ago last January 1,200 Mormon emigrants were sent to Iowa (?) and Utah. He predicted the defeat of United States government in its effort to suppress polygamy.

## They Know Their Business.

LOUISVILLE, September 15.—The Courier-Journal's special says: A desperate shooting took place at Owensville, Ky., which resulted in the death of Mose and James Ballard, brothers of Jack Ballard, who had just been sentenced to twenty years imprisonment for killing Wm. Spencer last spring. The jury had just brought in a verdict, and the prisoner was being returned to jail, when Mose and James opened fire upon the guard, who returned the fire killing both men instantly. Jack Ballard escaped during the fight but was recaptured. Great excitement prevails and further violence may occur. The guard escaped unhurt.

## Our Emma.

PARIS, September 15.—Miss Nevada will be married to Mr. Palmer on October 14th. The civil ceremony will take place at the English Embassy, and the religious ceremony in the Church Peres Passionistes.

## MARRIED.

CHRISTIANSEN—THYGERSEN.—At Levan, Utah County, September 8th, 1885, at the residence of the bride's parents, Miss Carrie Thygersen, to Mr. A. M. Christiansen, of this place, the Hon. Joel Grover, probate judge of Juab County, officiating. There were seventy guests present, many from Salt Lake City, who, after the ceremony, sat down to a sumptuous dinner, and a dance was very pleasantly enjoyed until the small hours of the morning. The affair was a brilliant one, and the many beautiful presents displayed showed the respect of their many friends, who greeted them with wishes for long and happy lives.

## "Love Sees No Faults."

It has been said; but, when a woman is dragged down, emaciated, wan, and a shadow of her former self, with never a cheerful word, she can be no longer beautiful or lovable. Nature may have been generous in her gifts, and endowed her with all the charms of her sex, but disease has crept in unawares and stolen the roses from her cheeks, the lustre from her eye, and the sunshine from her heart. But to be well again lies in your own power. Take Dr. Pierce's "Favorite Prescription." It will cure you. Thousands have been cured by it. Nothing equals it for all the painful maladies and weaknesses peculiar to women. Price reduced to one dollar. By Druggists.

## How to Consult Dr. Foote, Sen., by Mail.

Dr. Foote, Senior, author of "Plain Home Talk," "Medical Common Sense," etc., etc., would say to those who would like to consult him by mail that they can have a list of questions and a circular of gratuitous advice by addressing Box 414, Salt Lake City. The doctor has arranged to have such information supplied in this way to save time. Receiving such printed matter the correspondent can describe his or her case fully and direct to the doctor in New York. Dr. Foote is successfully treating all forms of chronic diseases, a specialty to which he has devoted thirty years of study and practice. Evidence of his success can also be had by addressing Box 414, as above, but all letters of consultation and orders for remedies should be addressed to Dr. E. B. Foote, Sr., 120 Lexington Avenue, New York City, N. Y. Consultation free. An advertisement of Dr. Foote, Sr., in the Sunday and Wednesday editions deserves attention.
